

### REMARKS

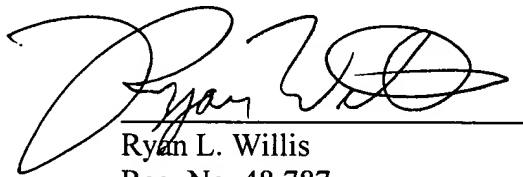

The present preliminary amendment is made to correct an obvious antecedent basis error in claims 1 and 10, and to add new claims 16-32. In summary, the phrase "a user" appears in claims 1 and 10 after antecedent basis for "a user" has already been established within each claim. Therefore, "a" was changed to "the" to correspond to the antecedent basis already present in each claim. It should be apparent that this amendment does not narrow the scope of the claims and is not intended to do so.

A check in the amount of \$280 is submitted herewith to cover the independent claims in excess of three, and to cover the dependent claims in excess of twenty pending in the application.

The Commissioner is hereby authorized to charge any additional fees which may be required by this paper, or to credit any overpayment to Deposit Account 200053.

In light of the foregoing, it is respectfully submitted that claims 1-32, now pending, are in condition for allowance. Favorable consideration of the present application is respectfully requested.

Respectfully submitted,
